Q2 If you answered "no" to question 1, what other information would you like to be included in any future editions?

Answered: 1 Skipped: 17

#	Responses	Date
1	Health is never black & white. Medical history is of prime importance as well as the relationship doctor/patient.	2/12/2016 10:39 AM

Q3 How likely are you to consider alternatives to attending the GP surgery having read the leaflet?

Q4 If you answered "unlikely/very unlikely" to question 3, why was this?

Answered: 2 Skipped: 16

#	Responses	Date
1	Care can only be provided by following ones patient, not by remote control or on the internet.	2/12/2016 10:39 AM
2	It would very much depend on the nature of the health problem being expressed as I have no confidence in 111 service and would not like to use 999 except in a definite emergency. I do no believe 111 is manned by experienced, well trained staff.	2/10/2016 10:03 AM
