28/07/2016 11:24	Everyone I have met from the receptionist to the doctors have all been very polite and helpful . when being referred to other agencies e.g steps to wellbeing , the process has been very thorough and appointments came through quicker than expected .
28/07/2016 10:29	Having had cause to vist the surgery serveral times since my move to the area , i have always found staff to be most helpful and the service very efficient . When visiting about my most recent suspected DVT , the nurses who saw me and to do bloods were very kind and clear which put my mind at ease & i was grateful they took my cocerns seriously given my past history of DVT putting me at graet risk .

11/07/2016 12:04	Very hard to get an appointment with own GP, if i ringing for an appointment it is because i am ill now, not in one or two weeks time , seeing another gp means all contininty with you gp is lost .
