

Bridport Community orchard Group

www.bridportcommunityorchard.org.uk

and on Facebook

The community orchard was created in 2009 in South Street, Bridport, behind St Mary's church. It is an open space, all are welcome, and it is always open, and fully accessible. There are 60 fruit trees, a pond and wildlife area, bees, and benches. Also 14 allotments, let to local people by the Town council. It is managed by the Bridport Community orchard group of volunteers, in partnership with the Town Council.

The group meet there on the 2nd Sunday in each month from 10 till 1pm, free refreshments; tools provided, and all are welcome to come and help.

There is also gardening group that meets every Thursday from 2 -4, on the community allotment, at the side of the orchard. No previous experience necessary, and we have raised beds, so suitable for all abilities.
