09/11/2015 12:26	I find it very diffiukt to get though on the phone have waited upto 15 min to speak to somejone which is not acceptable i can very rarely get to see my own Dr .
09/11/2015 12:25	Falling standards over past 6 years doctors deserve better . To many decissions made by poorly trained staff like nneed to see doctor . Lots of mistakes in percriptions dangerous. Long queues in reception no privacy , public toilet broken for months, long delays in answering phones . To many obese fat people giving advice .
05/11/2015 01:40	appointment times constantly running over by an hour
