

Home-Start West Dorset ~

is a local independently funded family support charity ~.

offering weekly visits from trained volunteers who are parents themselves. Parenting young children can sometimes seem overwhelming and we aim to improve parents' confidence and ability to cope; to help parents build better lives for their children. Volunteers are recruited locally and offer confidential and non-judgemental support to families with young children in diverse situations. Wherever possible support is tailored to the needs of the families and lasts as long as it is needed. The friendship, understanding, encouragement and practical help the volunteers offer families is a unique service. Home-Start West Dorset is valued and trusted by both families and professionals alike and offers this service free of charge to both referrers and families.

If you would like more information about our service or are interested in the health benefits of becoming a volunteer please contact our friendly staff on :
