Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

Bridport Medical Centre aims to meet patient and regulator expectations by providing high quality, integrated medical care that is close to home and meets individual needs. The practice aims to prevent ill health, improve well being and provide services that improve local health outcomes by following agreed care pathways and using evidence based medical practice.

We aim:

To make access to care as comfortable and convenient as possible within the financial and human resources available to us

To use finances wisely and ensure the efficient use of resources.

To deliver value for money and be financially sustainable

To invest in technology and training to facilitate innovative processes and support our aims

To work in partnership with our patients, families and carers, involving them in decision making by listening and supporting them

To communicate with our patients and stakeholders so that their awareness of our services and standards are clear

To enable our patients to maintain the maximum level of independence, according to their preferences

To promote health and wellbeing by offering health promotion and signposting

To improve healthcare provision by continuous learning, monitoring and auditing; and by listening to the needs of our patient population

To work with a motivated team who feel valued and supported by the GP Partnership and encourage them to achieve the aims and objectives while meeting their own personal and professional goals

To treat all patients and staff with dignity and respect in a safe and accessible environment

To act with integrity and maintain confidentiality and robust information governance systems
