

# West Dorset Breast Cancer Support Group

We are West Dorset Breast Cancer Support Group. There are 5 groups around Dorset County Hospital, ours is the Bridport branch.

We are there to give help and support to ladies and men who are post-surgery. We meet on the 3rd Wednesday of each month and have a speaker, a lunch, a cream tea and aim to keep spirits high and show that life goes on and is to be enjoyed and cherished. We have the backing and support of the Breast Care nurses at DCH who visit each group twice a year.

I am group leader for Bridport and can be contacted on 01308 424435
